> Gold Engaged for Europe and Announcement Made of a South American Shipment This Week.

STOCKS ARE INANIMATE

TractionSecurities speculative interest and the sluggish current on which the professional traders drifted was due entirely to their own operations. There was an upward tendency dur-Indianapolis Street Railway 6 per cent. Guaranteed Stock-

ing the first hour, which was helped by the buying of a small number of stocks for London account. Both Phones No. 34. a decline of 5c to 10c compared with Saturday, the trading was as active as could be expected, considering the limited competition, and a good

> stood that \$500,000 in gold will go to South America during the week. This news was followed by a decline in the price of stocks, although it had been strated by the recovery late in the day when the shorts began to cover. They did this in the apprehension that the monthly crop report to be given out by the Agri-cultural Department this afternoon would not show as large a deterioration for winter wheat from the almost perfect condition on April 1 as has been feared since the cold

Some special influences were at work during the day. A strong upward movement in Illinois Central resulted from a large buying order from a single firm, which was Amalgamated Copper was due to the active demand for the metal in the London market. Brooklyn Transit had the benefit of yesterday's very heavy seaside traffic. There was continued accumulation of Missouri Pacific and of the National Railroad of Mexico stocks by the same interests INTERSTATE STOCKYARDS, INDIANAPOSouthern Pacific suffered from reports of a strike on the system, but recovered later none. The market continues in a very weak con- when it was alleged that the workmen were dition. The reports from the general market still at their places. A drop of three points in Metropolitan Securities was attributed to an unwillingness on the part of holders to pay the second subscription of 25 per at the principal receiving points. A fair local cent.; which has been called. Reports of demand exists for fat cattle, especially butcher labor trouble on the Mobile & Ohio and the Great Northern served to keep alive the general apprehension which is felt over the growth of such troubles. There were some large offerings of United States Steel coincident with a sharp break in the price of the bonds "when issued" on the curb market. The unfavorable view taken on

avorable reports from other places, had a de-idedly weakening influence on the trade here. It was more or less difficult for buyers and sell-to to agree on the trade prices, but finally, at \$15%; \$1

NEW YORK, May 11.-To-day's stock Indiana Manufacturing Co... Indiana National Bank..... market showed no signs of a revival of ndiana Title & Guar. Loan Co...... dianapolis Fire Insurance Co.........149

The London money market is still tied up with the subscriptions to the Transvaal loan, or with the 3 per cent. of the subscriptions which was required to accompany the application. As fast as the allotments can be determined the excess from oversubscriptions of this 3 per cent. will be returned to subscribers and this is expected to effect a marked relaxation in the London money market. Sterling exchange here, however, held firm to-day and its decline in Paris left the way open for an export of gold from here to that point. Consequently \$1,500,000 was engaged to go out to-morrow. It was allowed to be under-

quite generally expected. That the decline Mixed and heavy packing 6.50@6.65
Good to choice light weights 6.50@6.60
Common to fair light weights 6.35@6.40 was due partly to short selling was demoncelpts of sheep and lambs were a little larger than usual at this time in the week, but not large enough to invite competition from all buyers, therefore there was no really urgent demand, but with nearly all local butchers in the wave in the last week of April. This covering movement was again interrupted by sharp selling at the last and the market

> Saturday of the loan expansion of the banks seemed to be mitigated this morning when it was better understood that the increase was due to a shifting of debts due to foreigners. The market was narrow and uninteresting throughout. An example is afforded by the fact that there was no

local receipts, of 47 cars-none of contract grade-made a total of 245 cars, against 376 ast week and 264 a year ago. Corn was quiet and while prices were fairly steady early in the session, the general dullness later resulted in an easier feeling. There was scattered selling by local traders on the increased receipts, and no particular effort was made to support the market. The weakness in wheat had a depresising influence later, and July closed 1/4c lower, at 44%c, after selling between 44%c and 45c. Receipts were 250 cars, 26 of contract grade. Oats were dull and eased off in sympa thy with other cereals. There was scat-

tered liquidation by small holders and the demand was limited. The early feature was buying of May by a prominent commission house. While the sentiment in the nit was divided, most of traders appeared timid, owing to the uncertainty of the crop prospects. After ranging between 32c and 324c, July closed 4c lower, at 326324c. Receipts were 151 cars. ceipts of hogs, with lower prices at the yards, were mainly responsible for the easier tone in provisions. The selling, how-

The weakness in grains and heavy re ever, was not on a large scale and brokers, supposed to be acting for local packers, took the greater part of the offerings Closing prices were lower on all products, September pork being off 121/2c at \$16.60, lard down 10c at \$8.971/2 and ribs 10@121/2c lower

ONLY SLIGHT DETERIORATION DUE TO APRIL COLD SNAP.

Condition Is Ten Points Above the

Ten-Year Average-Indiana Crop Is in Excellent Form.

WASHINGTON, May 11.-The monthly Department to-day is as follows:

crop bulletin issued by the Agricultural

Returns to the statistician of the Department of Agriculture made up to May 1 show the area under winter wheat in cultivation on that date to have been about 33,107,000 acres. This is 964,000 acres, or 2.8 per cent., less than the area sown last fall, and 4,525,000 acres, or 15.8 per cent., in excess of the area of winter wheat harvested

Cheese—New York full creams, 14%c; Swiss, 16c; brick, 15c; limburger, 12c.

Butter—Packing stock, 12%c.

Eggs—Firm at 13c per doz.

Wool—The market East is very quiet, with price tendencies decidedly in fa or of buyers. Local dealers are paying for wason lots: Good medium merchantable unwashed, 7c; coarse and braid, 15c; heavy merino, 10@12c; half-blood, 12@14c; burry and cotted, 12@14c; Western, 12c.

Feathers—Prime geese, 30c per lb; prime duck, 20c per lb. Green-salted Hides-No. 1, 71/20; No. 2, 61/20; No. 1 calf, 10c; No. 2 calf, 81/20. Tallow-No. 1, 51/20; No. 2, 41/20. last year. The percentage of abandoned acreage in all the important winter wheatgrowing States is unusually small, abandonment, including the area to be cut for Texas and California. For the area remaining under cultivation the average condition on May 1 was

> 92.6, against a condition of 97.3 for the total area sown reported on April 1, 1903, and 76.4 on May 1, 1902, 94.1 at the corresponding date in: 1901, and 82.5, the mean of the averages of the last ten years, for the areas remaining under cultivation on May . While there has manifestly been some month, special field agents sent to the principal winter wheat States on the currence of the frost of April 30 and May report the wheat crop as practically uninjured by the cold suap.

> The following table shows for the princi-pal States the averages of condition on May 1, the corresponding averages one month, one year and two years ago, and the mean of the corresponding averages for the last ten years:

May 1, April 1, May 1, May 1, year States. Kansas Missouri California,% Indiana9 Oklahoma97 United States, 92.6 97.3 ·Five years. . Three years.

The conditions that, in all but a few States, have been favorable to meadow mowing lands and spring pastures have, with almost equal uniformity, been unfavorable to spring plowing and the proportion, 57.9 per cent., of the amount re-ported as contemplated, that was actually done up to May 1, with the lowest with one exception in twenty years. The area plowed up to the corresponding date last year was 72.3 per cent, of the total amount intended, and was within 1/2 per cent, of the

Startling Innovation

The average condition of winter ry May 1 was 93.9, as compared with 97.9 April 1, 1903; 83.4 on May 1, 1902; 94.6 at the corresponding date in 1901 and 88.4, the mean of the May averages of the last ten

years. New York reports 88 and Pennsylvania and Michigan each 94, these three States containing 56 per cent. of the total winter rye accrage of the country. The average condition of meadow mow-ing lands on May 1 was 92.8, against 86.6 on May 1, 1902; 89.2 at the corres date in 1904, and 90.4, the mean of t averages of the last ten years. The average condition of spring pastures on May 1 was 92, against 84.9 on May 1, 1902; 91.5 at the corresponding date in 1901, and 89.9, the mean of the May averages of the last ter
